VICE-CHANCELLOR'S WEEKLY MESSAGE

21 August 2024

Bula Vinaka, FNU Family!

I trust you all had a productive and fulfilling week.

First and foremost, I would like to extend a heartfelt thank you to our dedicated team who represented the Fiji National University at the Bua Youth Festival this past week. Your efforts to raise awareness about FNU's educational opportunities have undoubtedly inspired many young minds. To the people of the Lau group of islands, we are excited to announce that our team will be visiting Matuku next week. We are eager to meet you and assist in turning your dreams into reality.

A special congratulations to the National Training & Productivity Centre (NTPC) for their recent partnership with the Fiji National Provident Fund under our National Apprenticeship Scheme. This partnership is a significant milestone in our commitment to providing practical, industry-relevant education. Through this scheme, apprentices will benefit from invaluable on-the-job training with industry experts, while also pursuing their academic qualifications at

FNU on a part-time basis. This initiative truly embodies our mission to bridge the gap between education and the workforce.

I am also pleased to inform you that our College of Medicine, Nursing and Health Sciences is now accepting applications for Semester 1, 2025. This is an exciting opportunity for those aspiring to contribute to the health and well-being of our nation. I encourage all prospective students to apply and embark on a journey of academic excellence and service to the community.

As we head into a new week, let's keep this motivational quote in mind: "The future depends on what we do in the present." Let's continue to work together, with determination and passion, to build a brighter future for ourselves and for FNU.

Vinaka vakalevu and have a great week ahead!

Professor Unaiyi Nabobo-Baba

Vice-Chancellor

Fiji National University
